## 2014 Edition Test Report Summary

EMRConnect.com  
1462 South 3<sup>rd</sup> Street  
Jacksonville Beach, FL 32250

Date: March 27, 2014

Subject: Test Criteria: 170.314.g.4 – Quality Management System

I, Larry Trach, am an authorized company representative and hereby attest EMRConnect has no formal quality management system in place at this time. Access Profiler is a mature product that has been in production for 17 years. There are occasional updates to the product that are developed using an internal process of feature definition, feature development, feature testing, and regression testing.

EMRconnect manages source control and release management using Subversion, XSQL Schema and Data Compare, and UltraCompare Professional.

I declare the above statement is true and accurate to the best of my knowledge.

Sincerely,

A blue ink handwritten signature, appearing to be "Larry Trach", written over a horizontal line.
